
Contents

Research Papers

- Soil Characteristics of Damaged and Undamaged Embankment Dams for Irrigation in Northern Awaji Island due to the 1995 Hyogo-ken Nanbu Earthquake
.....FUJII H., YOKOMIZO T., NANBA A., HORI T., NISHIMURA S., SHIMADA K. and NISHIYAMA T. ... 1
- Soil Moisture Estimation Using ALOS/PALSAR Data in Consideration of the Most Suitable Profile Lengths in Surface Roughness Estimation
.....SONOBE R., TANI H., WANG Xiufeng and KOBAYASHI N. ... 19

Technical Papers

- Application of a Model for Planning Transportation and Spread of Digested Slurry to Farmlands
— A case without intermediate storage tanks —
.....YAMAOKA M., DOI K., YUYAMA Y., NAKAMURA M. and ORITATE F. ... 25
- Actual States and Problems of Community Formation in Hachirogata Reclaimed Land
— Analyzing personal networks of farmers and non-farmers —
.....KUWABARA Y. and NAKAJIMA M. ... 37
- Prediction of Soil Water Content Using Multiple Regression Model with Time Series Data
.....MOROIZUMI T. and KUBOTA S. ... 47

Notes

- Comparison of Number of Japanese Brown Frog Egg-masses before and after Land Consolidation Project
.....WATABE K., MORI A., KOIZUMI N., TAKEMURA T. and NISHIDA K. ... 53
- A Probability of Charcoal as Woody Carrier in Phosphorus Recovery from Natural Water Bodies Using Biogenic Ion-Oxides
.....TAKEDA I., YAMANE T., SOMURA H., SATO H. and FUKADA K. ... 55
- Vegetation Water Content Estimation for Winter Wheat Using TerraSAR-X and Landsat-8 OLI
.....SONOBE R., TANI H., WANG Xiufeng, KOBAYASHI N. and SHIMAMURA H. ... 57
