
Contents

Research Papers

- Performance Characteristics of Spiral Water Wheel and Optimal Structure to Micro-hydropower System
..... TAKIMOTO H., MARUYAMA T., TATEDA M., NOTO F. and YOSHIDA M. ... 1
- Hydraulic Experiment on Flushing of Accumulated Sand under Movable Gates of Diversion Dams
..... HAMAGAMI K. and MIWA H. ... 9
- Carbon Dioxide Emission in Landslide Control Works
— A case study in Asato landslide site, Okinawa —
..... KIMURA S. and NAKAMURA S. ... 15
- Field Water Management in Large Sections of Rice Paddies Where Subsurface Irrigation Is Feasible
..... KOHIYAMA M., NAKAMURA K., UNOKI K. and ISHIDA T. ... 23
- Identification of Risk Sources That Inhibit the Implementation of Disaster Response at the Time of a Large-scale Earthquake
— Risk management targeting a main irrigation canal —
..... OHKUBO T., HONMURA Y., NAKAMURA K. and ONODERA Y. ... 33
- Simplified Method for Detection of Open Crack Using 2-D Resistivity Survey
..... INOUE K. and NAKAZATO H. ... 43
- Pore Water Pressure and Liquefaction in Saturated Sand Bed Induced by Tsunami
..... SAWADA Y., MIYAKE M., SUMIDA H. and KAWABATA T. ... 55

Technical Paper

- Reproduction and Growth of Far Eastern Catfish *Silurus asotus* in a Farm Drain after Farmland Consolidation
..... MORI A., MIZUTANI M. and GOTO A. ... 63

Note

- Evaluation and Correction of MPS-2 Water Potential Sensor Measurements
..... FUKUMOTO M. and MIYAMOTO T. ... 73
